

# Smith & Wesson<sup>®</sup> Handcuffs

**HANDCUFFS • LEG IRONS • RESTRAINTS**

## Model 100 - M&P Lever Lock

**New Locking System!**

Smith & Wesson Handcuffs are fabricated from the finest quality carbon or stainless steel. They are made with heat treated internal lockworks, featuring smooth ratchets for swift cuffing and double locks to prevent tampering. From the original Model 100 series handcuffs to the unmatched durability of our restraint chains and leg irons – Smith & Wesson is a proven worldwide leader in handcuff and restraint production.

Along with the key actuated lock, all of our handcuffs come with a double locking system. The double locking system is actuated by means of a slot lock, push pin lock or the new, patented M&P lever lock – depending on the model.

### PATENTED M&P LEVER LOCK

With the tip of your finger, fully lift the lever and then allow it to return. Once this has been done, the double lock will be set. This causes the lock spring to move into a position that locks the bolt thus preventing the cuff from being further tightened. **NO TOOL REQUIRED TO DOUBLE LOCK!**

### PUSH PIN LOCK

Using the small peg on the top of the key, fully depress the push pin. This will lock the bolt as described with the double slot lock. This causes the lock spring to move into a position that locks the bolt thus preventing the cuff from being further tightened.

### SLOT LOCK

Insert the small peg on the top of the key into the double lock slot. In this position, the small peg can contact the end of the lock spring. Slide the key toward the key hole. This causes the lock spring to move into a position that locks the bolt thus preventing the cuff from being further tightened.

**All Smith & Wesson Handcuffs meet the NIJ requirement pertaining to strength.**

All Smith & Wesson Handcuffs are proudly made in U.S.A.

MODEL 100 - M&P LEVER LOCK			
Wrist Opening:	2.04"	Weight:	10.0 oz

# WHAT IS MELONITE™?

Melonite™ is a treatment for improving the surface properties of metal parts. The result is an ultra-durable, matte-black, scratch-resistant finish.

Smith & Wesson now offers a Model 100 handcuff with a Melonite™ finish. Please visit [smith-wesson.com](http://smith-wesson.com) to see other Melonite™ products available.

## WEATHER SHIELD™

Weather Shield®

No Treatment

An advanced, tough as nails, corrosion protection system. This system, when applied to the critical metal parts, makes the restraint nearly impervious to rust.

## MODEL 100 - WEATHER SHIELD® COLOR CUFFS

### MODEL 100 - RED WEATHER SHIELD® FINISH

Wrist Opening:	2.04"	Weight:	10.0 oz
First Notch Inside Perimeter:	8.40"	Locking Positions:	23
Last Notch Inside Perimeter:	5.80"	Distance Between Cuffs:	2.00"
Tightest Inside Width:	1.80"	Maximum Overall Length:	8.98"

SKU: 350149 - Slot Lock, Red & Nickel

### MODEL 100 - BLUE WEATHER SHIELD® FINISH

Wrist Opening:	2.04"	Weight:	10.0 oz
First Notch Inside Perimeter:	8.40"	Locking Positions:	23
Last Notch Inside Perimeter:	5.80"	Distance Between Cuffs:	2.00"
Tightest Inside Width:	1.80"	Maximum Overall Length:	8.98"

SKU: 350146 - Slot Lock, Blue & Nickel

### MODEL 100 - PINK WEATHER SHIELD® FINISH

Wrist Opening:	2.04"	Weight:	10.0 oz
First Notch Inside Perimeter:	8.40"	Locking Positions:	23

## HANDCUFFING INSTRUCTOR COURSE

The Smith & Wesson Academy® offers a Handcuffing Instructor Course. This course is designed to give the instructor the necessary background to conduct a comprehensive handcuffing program for his or her agency.

Handcuffing techniques are the center-point for many assaults on officers and there is much litigation concerning the use of force.

Please call 1-413-846-6461 for information on this course and the many others offered at the Smith & Wesson Academy®. Courses are offered in Springfield, MA and at many field schools around the world.

Visit [smith-wesson.com](http://smith-wesson.com) for more details.

Smith & Wesson®  
2100 Roosevelt Avenue  
Springfield, MA 01104
